This 1500 car parking garage was built to support the Hollywood Slots Racino and adjoining 152 room hotel in Bangor, Maine. The 360,000 sf garage contained 865 pieces of precast concrete and it was erected in less than 75 days.

Because of security concerns by the Owner, the interior area of the garage was painted in a bright white color.

The project was completed in July 2008.
