

# Structural Steel Project Profile

## Commercial Building Frames

### *Great Wolf Lodge Pocono Township, PA*

Great Wolf Lodge is a first-class, full service family destination resort. This \$100+ million development is situated on a 36-acre site and features 402 all-suite guest rooms in a four-story resort with a three-story grand atrium and both indoor and outdoor water parks.

Ocean Steel fabricated structural steel for the Conference Center, Lodge, and Water Park. The steel supply included two 30' x 270' long roof trusses. Each truss was shipped in three sections, but required a laydown assembly to satisfy the Engineer of Record's tight tolerance design. The Conklin plant utilized its outside crane runway in the shipping yard to perform the sub-drill and ream laydown assembly.
