

Structural Steel Project Profile

Institutional Building Frames

Monmouth University Athletic Center

West Long Branch • NJ • USA

Monmouth University is a private, moderate-sized, coeducational, comprehensive University founded in 1933. Located in West Long Branch, New Jersey, the 156-acre campus features 55 buildings, including historic landmarks and state-of-the-art facilities.

In 2008, Ocean Steel supplied and erected 1350 tons of steel for the University's new Multipurpose Activity Center. The 153,200 square foot facility included a multipurpose gymnasium and 6-lane indoor track. Designed mainly to serve as a venue for athletic events, holding nearly 5,000 spectators, the Center also integrated: a University Bookstore; Hall of Fame; locker rooms; educational and administrative areas; varsity club; and student fitness center.

Tonnage: 1250
Customer: Torcon
Owner: Monmouth University
Structural Engineer: Ewing Cole
Year: 2008
