

Structural Steel Project Profile

Commercial Building Frames

Waterloo House Pembroke • Bermuda

Waterloo House is a commercial and apartment/condominium building set on a picturesque bay on the island of Bermuda. The five-story building will offer 90,000 square feet of office space, seven penthouse apartments, underground parking and 8 new boat moorings in the harbor directly in front of Waterloo House.

Ocean Steel Corporation supplied the structural steel for this 5 story building, which consists of straight framing to the roof, where there is a complex hip and valley framing for the roof steel.
