

# Structural Steel Project Profile

## Institutional Building Frames

### *Mass General - Yawkey Center for Outpatient Care Boston, Massachusetts • USA*

This project was granted an Award by the American Institute of Steel Construction in the "Greater than \$75 million" Category of the 2006 AISC IDEAS2 awards. These awards recognize designs where structural steel forms a prominent architectural feature of the building.

The Yawkey Center is a state of the art ambulatory care building consisting of 10 floors plus a mechanical penthouse and includes approximately 320,000 net square feet of space. Underneath the building there is a six level, 725 space, below grade parking garage.
