600 Technology Square

On the corner of Main and Portland Streets in Cambridge MA. sits 600 Technology Square, a 114,000 square foot office building. This four story building is clad with 456 architectural precast concrete wall panels totaling 28,000 square feet. The precast facade, with its light sandblasted texture, complements the appearance of the renovated buildings nearby.

600 Technology Square, leased by Akamai Technologies, is one of seven buildings situated within close proximity to each other on the Technology Square Complex. Totalling over one million square feet, Technology Square is within walking distance of many area shops, hotels and restaurants.

Project: **600 Technology Square - Cambridge, Massachusetts**
Architects: **Sasaki Associates - Watertown, Massachusetts**
Structural Consultants: **LeMessurier Consultants - Cambridge, Massachusetts**
Construction Manager: **Beacon Skanska Construction Co. - Boston, Massachusetts**
