

Belvedere Residences

Boston, Massachusetts

*Focus on
The Building Envelope*

The Belvedere Residences located at Boston's Prudential Center has fast become one of the city's most desirable addresses. The 66 unit, 11 story condominium building also contains a retail center.

Strescon fabricated and erected a total of 364 pieces of Architectural wall panel to envelope the curved structure. The panels have a light sandblast finish that offers warmth and links this building, visually, to a number of other of the Prudential Center structures.

RESIDENTIAL

Architectural Precast Wall Panels
