

Canadian Tire Store

Bedford, Nova Scotia

Development began on the new Bedford Commons community in 2006 with plans to house offices, retail spaces, new homes and recreational facilities. This area is growing quickly. As of 2010 there is currently a Walmart, Future Shop, Reitmans, Tim Hortons and many other retailers open for business. In Spring 2010, Canadian Tire opened its doors to their new location in the Bedford Commons. Moving their store from the Sunnyside Mall in Bedford, the new building is approximately 86,000 sq.ft. adding much needed floor and garage space.

The Architect used insulated precast concrete panels for the exterior cladding along with 2 curved solid panels around the main entrance as a main feature. The panels were form finish to be painted on site with a steel trowel interior finish (exposed to view). There were also horizontal reveals along the panels spaced one foot apart.

Project: **Canadian Tire Store - Bedford, NS**
Architects: **Turner Fleischer Architects, Inc. - Toronto, ON**
Engineer: **Y & V Engineering Ltd - Markham, ON**
Construction Manager: **APM Construction - Halifax, NS**
