

Precast Concrete Solutions for *Hotels and Lodging*

Hampton Inn

Auburn, Massachusetts

Overlooking the Dark Brook Reservoir near the intersection of the Mass Turnpike and Interstate 290 in Auburn, Massachusetts sits a new three story Hampton Inn.

Strescon Limited supplied and erected 45,000 sq.ft. of 8 inch thick Strescore plank in less than six weeks. Hotel guests can sleep easy knowing that the concrete walls and Strescore floors and ceilings provide a room with a two hour fire rating and a low sound transmission.

The underside of the plank required only a popcorn paint to become the finished ceiling.

STRESCORE PLANK SYSTEM
