

Overlook Ridge Parking Garage

Revere, Massachusetts

An upscale, metro-style apartment community, Overlook Ridge is located just five miles north of Boston.

The Overlook garage provides 4 levels of parking for 540 cars. The front entrance elevation has brick tile cast into the panels, while the back elevation of the garage has an exposed aggregate finish inside a light sandblasted picture frame. The precast concrete wall panels abutting the apartment buildings acted as a 2 hour fire rated separation wall between the garage and the apartments.

Strescon Limited supplied and installed the precast components for the parking structure, including: 190 Double Tees (125,600 square feet), 13 columns (570 linear feet); 8 beams (300 linear feet); 25 Litewalls & Shearwalls (8,300 square feet); 37 wall panels (12,800 square feet); 50 spandrels (8,900 square feet); and 8 stair structures.

Project: **Overlook Ridge Parking Garage • Revere, MA**
Engineers: **Engineers Design Group • Medford, MA**
Construction Manager: **Roseland Contractors, LLC • Boston, MA**
