

Precast Concrete Solutions for *Housing*

Pinegrove Apartments

Wakefield, Massachusetts

Because of the zoning bylaws on parking in Wakefield, MA, the Flori Realty Trust needed to provide parking under their apartment building. Instead of putting the parking spaces in a basement that had to be vented, they raised the building over the parking lot and had open air parking.

Strescon furnished 38,000 square feet of 8" thick Strescore hollowcore plank for the floor and roof. Strescon also provided 16 solid precast/prestressed balcony slabs that were exposed to the New England weather.

Customer: **D.B. Flori Realty Trust** -
Waltham, MA.
Architect: **Louis A. Scibelli Architects** -
Melrose, MA.
