

Saint John Transit Building

Saint John, New Brunswick

The Saint John Transit

Operations Center, located on McDonald Street in Saint John opened in June 2009. The garage portion of the building will house over 70 buses and the office area will accommodate up to 100 administration and staff workers.

Strescon provided and erected 67 pieces of 10 inch thick insulated wall panels covering 16,800 sf around the garage area. The office area was covered with 18 pieces of 5 inch thick panels.

The panels were provided with a combination of light and medium sand-blasted finish.
