

Shaw's Supermarket

Boston, Massachusetts

*Focus on
Precast Concrete Solutions*

Photograph by Hutchins Photography Inc.

When the residents of Boston's Prudential Center need to buy groceries they don't need to make a long trip to the shopping centers - the 60,000 sf Shaw's Supermarket at the Prudential Center, can fill all their needs.

The exterior of the building is covered with 98 pieces of buff - colored precast concrete wall panels, with a light sand blast finish. Strescon Limited fabricated and erected the wall panels during spring of 2002.
