

*Precast Concrete Solutions for Nursing Homes*

# The Stone Institute

*Newton, Massachusetts*

This 82 bed skilled nursing care facility used 23,000 square feet of Strescon's 8" thick Strescore hollow-core plank.

With load bearing masonry walls and the precast concrete plank, the Stone Institute was able to provide a 2 hour fire rating for its residents' safety.

The facility was completed in 1995.
